PETITION UNDER 37 C.F.R. 1.47(a) AND DECLARATION

I, Linda M. Shudy, state that I am an attorney, having U.S.P.T.O Registration No. 47,084, with the law firm of Kenyon & Kenyon located at One Broadway, New York, NY 10004, USA. I am writing this Declaration on behalf of Kenyon & Kenyon's long-standing client Deutsche Telekom AG located at Friedrich-Ebert-Allee 140, D-53113 Bonn, Federal Republic of Germany.

I hereby verify based upon the information received from Deutsche Telekom AG that the inventors, Axel Susen and Stefan Brock, were employed by Deutsche Telekom AG at the

Express Mail No. EL179952051US EL327553417US

time of the invention of the subject matter described and claimed in patent application, Serial No. 09/786,819, which is the U.S. National Phase of International Application PCT/EP99/06371, having international filing date of August 30, 1999, and that this invention was made in the scope of the inventors' employment by Deutsche Telekom AG and rightly assignable to Deutsche Telekom AG.

Inventor Stefan Brock was presented with the Declaration and Power of Attorney and Assignment forms for this application and has duly executed the forms. The executed Declaration and Power of Attorney form is attached. The Assignment will be sent to the Patent Office for recordation; however, for information purposes, a copy of the Assignment executed by Stefan Brock is also attached hereto.

On May 22 and 23, 2001, I faxed to Deutsche Telekom AG a copy of the application (Substitute Specification and Preliminary Amendment and first page of the PCT application) filed, a Declaration and Power of Attorney form and an Assignment form to be signed by Deutsche Telekom AG's inventors Stefan Brock and Axel Susen. On May 23, 2001, I mailed to Deutsche Telekom AG a copy of the application (Substitute Specification and Preliminary Amendment and first page of the PCT application) filed, a Declaration and Power of Attorney form and an Assignment form to be signed by Deutsche Telekom AG's inventors Stefan Brock and Axel Susen. According to Deutsche Telekom AG, the inventors Stefan Brock and Axel Susen were given via appropriate means the application and the Declaration and Power of Attorney form and Assignment form. Stefan Brock signed and returned to Kenyon & Kenyon the Declaration and Power of Attorney form and the Assignment form. Axel Susen did not

respond to Deutsche Telekom AG or to Kenyon & Kenyon and cannot be located. Axel Susen has not been found and has not signed the Declaration and Power of Attorney form and the Assignment form that he was sent. See the attached copy of a signed statement (in German) by Ms. Hochstaetter of Deutsche Telekom AG stating that "Der Erfinder Herr Susen is 'unauffindbar'." (Roughly translated: "The inventor Mr. Susen is not to be found.") The last known address known to us, which is also the address to where those materials were sent, for nonsigning inventor Axel Susen is Heinrichsallee 66, 52062 Aachen, Federal Republic of Germany. Axel Susen has German citizenship. At later dates, via telephone, email and facsimile, Deutsche Telekom AG and I/Kenyon & Kenyon corresponded in further attempts to obtain the signature of Axel Susen on the Declaration and Power of Attorney form and Assignment form. However, Axel Susen could not be found through diligent effort. To my best knowledge, there has been no returned mail evidencing that Axel Susen is not available. Axel Susen has not responded and has not returned the signed Declaration and Power of Attorney form and the Assignment form as required by his agreement with Deutsche Telekom AG. Attached hereto is an email dated June 20, 2001 from the client Deutsche Telekom AG sent to me documenting that Axel Susen has not responded and has not been found to sign the Declaration and Power of Attorney and the Assignment forms. Deutsche Telekom AG and I/Kenyon & Kenyon have waited the maximum amount of time allowed for filing the signed Declaration and Power of Attorney form for this application effectively providing maximum time to allow Axel Susen to be found and to sign the form.

I hereby declare that all statements made herein of my own knowledge are true

and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

The Commissioner is hereby authorized to charge any necessary fees to process this Petition Under 37 C.F.R. 1.47(a) And Declaration including the Petition Fee of \$130.00 stipulated in 37 C.F.R. 1.47(a) and 37 C.F.R. 1.17(i) to **Kenyon & Kenyon Deposit Account No. 11-0600**. A triplicate copy of this Petition Under 37 C.F.R. 1.47(a) And Declaration is enclosed.

Dear Marion,

Since one of the inventors is lost, we need to file a petition and fee. For the petition, we need to know the lost inventor's last known address.

The U.S. Patent and Trademark Office will send notice of the filed application to the lost inventor. They will also publish this in their Official Gazette. (37 C.F.R. 1.47)

If the lost inventor is later found, then the inventor can still join in on the application.

In the meantime, all the found inventor(s) should still apply for the application.

I expect that Susen's last known address is that which is on the Declaration. Could you please confirm this?

Regards always,  
Linda
